BRIEF HISTORY- WDOAP

Welfare and Development Organization for Afghan People (WDOAP) is a non-political, non-profit, non-sectarian organization, mandated to assist and support vulnerable Afghan people, help them meet their basic needs by extending welfare services particularly to the most marginalized part of the society.

WDOAP registered with the Ministry of Economy with license number of 3597. The prime motto of WDOAP is the provision of welfare and development services delivery to the deprived and marginalized people of Afghanistan. Furthermore, The WDOAP delivers welfare development assistances and services to the prolonged four decades of human catastrophe in Afghanistan. The recent upheavals in terms of political chaos and drought have significantly pushed the entire Afghan community below the poverty line and desperately need emergency assistance.

Consequently, the WDOAP organization is working in Afghanistan for the last 8 years and its focus was not kept limited either in terms of geography or sector. Whilst operating in different provinces of Afghanistan, WDOAP has been carrying out a range of interventions in the following thematic areas, WASH, Education, Women Empowerment, Child Protection, Health Nutrition, Hygiene Promotion, Emergency Response, Food Security, livelihood, disaster risk management, resilience building, infrastructure buildings community micro-economic development through craftsmanship and poultry production and Development. The Organization is carrying a range of humanitarian activities and welfare services delivery to reached sustainable development goals effectively with a focus remaining on the deprived and marginalized segments of the society.

ORGANIZATION VALUES:

GEOGRAPHICAL COVERAGE:

WDOAP's presence and geographic coverage includes Kabul, Nangarhar, Laghman, Kunar and Nuristan, and some other central provinces of Afghanistan. Markedly, the organization has the potential of working in remote geographical areas. Leveraging this unique characteristic WDOAP programs were implemented covering the ultra-poor and vulnerable in the hardest rural eastern part of the country. The local presence of WDOAP has been the key for successful programs implementation reaching out locally at real time having potential resources.

GOVERNANCE:

WDOAP has National (Afghan) and International (Non-Afghan) expertise in the team with over 15 years of relevant practical experience. WDOAP programs are guided by this expertise having national and international recognition of exercising humanitarian and development programs. At the same time, these qualified, experienced and devoted professionals successfully managed the organization reaching the set goals and target objectives. Which make the organization unique in particular working sectors?

The Board of Directors represents the membership of the organization. Thus, the board of directors sets policies, procedures, values, and long-term planning to meet the mission of the organization. The board of directors of the WDOAP organization is accountable for the overseeing organization's performance in achieving goals described in the mission statement and pursuing the core values. BODs members ensure the provision of timely guidance and professional development in the program, organizational development and thematic areas of Education, Women Empowerment, Child Protection, Health Nutrition, Hygiene Promotion, Emergency Response, Food Security, livelihood, disaster risk management, resilience building, infrastructure buildings community micro-economic development through craftsmanship and poultry production and Development and other activities of WDOAP organization.

The Board monitor and supervises the organization with active and provide time-bound consultation to the WDOAP executive staff. Provide structural support to the HQ level and Filed offices and gain regular reports from the field offices. Ensure current Terms of References are maintained and respected by all the members of the BOD and the WDOAP management. Facilitated and conducted at least two meetings of the board on an annual basis but emergency meetings could be arranged at any time that might be needed.

Local presence and thorough understanding of the local context and condition have developed technical capacity of the organization in many areas achieved practically over the years. Correspondingly WDOAP molded itself countering internal and external challenges in difficult situation during the programs implementation.

Promoting livelihood program in the eastern zone of Afghanistan

Thematic Programs/ Sectors of Focus

1. **Water Sanitation and Hygiene Promotion**
2. **Health Care Services**
3. **Food Security and Emergency Responses**
4. **Education and Capacity Building**
5. **Women Socio Economic Empowerment & Child Protection**
6. **Livelihood and Agriculture & Poultry Support**
7. **Advocacy and Awareness**

WDOAP is working to achieve interventions of Humanitarian Assistance and Emergency Response, WASH, Health, Nutrition & Hygiene, Education, Livelihood, Community Development, Women Empowerment, Disability Support with participation and partnership of community, national and international donors, UN, governmental institutions and private sectors with focus on vulnerable and marginalized community & individuals, children and women.

WDOAP Expertise:

WDOAP is one of the reputed and leading organizations in Afghanistan and has expertise in program implementation and carried out a range of interventions in Education, Women Empowerment, Child Protection, Health Nutrition, Hygiene Promotion, Emergency Response, Food Security, livelihood, disaster risk management, resilience building, infrastructure buildings community micro-economic development through craftsmanship and poultry production and Development.

Water Sanitation and Promotion of Hygiene

Team Expertise in the Ground level

- *WASH consultation meetings*
- *Community engagement in health & hygiene interventions*
- *Basic survey and assessments of WASH interventions*
- *Construction of Wells*
- *Water supply system installation for poor community*
- *Provision of water tankers & Water testing*
- *Solar system installation*
- *Plastic Water Tanks supply and installation for safe drinking water and Hygiene*
- *Electric Water Cooling System (water Cooler) for Cool and Clean Drinking water*
- *Solar powered water networks system*
- *Water well reservoirs (elevated) and Solar Powered Pumped system*
- *Plastic Water tanks to poor for safe drinking water*
- *Deep well construction and its maintenance*
- *Health & hygiene awareness for community, school and university students*

WDOAP is used to ensure the continuous supply WASH services to affected community by war and drought. Our services includes provision of safe drinking water and its quality, the presence of reasonable sanitation facilities, and the availability of soap and water for handwashing which prevent infectious diseases in the local communities. Consequently, adequate water, sanitation, and hygiene are essential components of providing basic health services. The provision of WASH in health care facilities serves to prevent infections and disease, protect staff and patients, and uphold the dignity of a vulnerable population. WDOAP organization implemented many interventions on WASH, especially during a covid-19 pandemic. WDOAP implemented WASH projects funded by the International Islamic Charity Organization, BASAIER CHARITY, DUBAI CHARITY ASSOCIATION, and AFGHAN CHAMBER OF COMMERCE in the Eastern Zone of Afghanistan.

HEALTH CARE SERVICES

Team Expertise in the Ground level

- *Health & Nutrition consultation*
- *Assessments of Health Activities*
- *Facilitation of temporary clinics in remote areas.*
- *Provided operation kits and advance machine*
- *Eyes' operations (surgery)- financially support of poor patients.*
- *Hemodialysis Patients treatment - financial support.*
- *Provision of Medical Equipment to Public Hospital:*
- *Hemodialysis Machines supply to public health sector to treat poor hemodialysis patients.*
- *Diabetes mellitus Test Machine (portable glucometer) provision program to support poor Diabetes patient.*
- *Audiometer (Ears' machines) provision to support poor hearing-impairment patients*
- *Eyes' operations (surgery); financially supported poor patients and assisted them in conducting successful eye operations.*
- *Hemodialysis Patients treatment financial support program to ensure their treatment.*

The people of Afghanistan continue to face immense challenges as the unprecedented humanitarian crisis pushes the country's health system, economy, education, and social services to the brink of collapse. WDOAP's mission is to work tirelessly to contribute to the health sector in the crisis and ensure, save the life of local communities in the remote areas of Afghanistan. WDOAP supported the health sector and constructed a clinics and provided emergency equipment to the Jamhuriyat hospital and assistance to the needy people, who couldn't bear the cost of their operations and medical treatment.

FOOD SECURITY AND EMERGENCY RESPONSES

Team Expertise in the Ground level

- *Survey & Assessment*
- *Coordination with stakeholders.*
- *Provision of shelter*
- *Provision of non-food items*
- *Psychosocial counselling*
- *Mass Food distribution programs to Poor and female head households*
- *Food and meat distribution programs to vulnerable and specific female head households*
- *Orphan-Sponsored Cash distribution programs to (orphans) regardless of their gender (female/male) and assisting them in education support programs.*
- *Bread (baked) distribution programs to poorest households*
- *Aftari Programs for poor communities*
- *Community gathering friendly spaces*

Afghanistan is descending into the worst humanitarian crisis in the world and is already faced with a dire situation from the last four decades of war, conflicts, economic decline, inflation, and raised in poverty. There is a great need to respond for humanitarian assistance and emergency needs specially in the remote areas. WDOAP is working in **FOOD SECURITY AND EMERGENCY RESPONSES** for marginalized communities by providing food aids, non-food items, to poor families and war affected people with the close coordination of line stakeholders and government.

EDUCATION AND CAPACITY BUILDING

Team Expertise in the Ground level

- *Training manual development*
- *Training needs assessment*
- *Students' sponsorship*
- *Provision of educational equipment's*
- *Coaching*
- *Cultural awareness on education*
- *Coordination and consultation*
- *Educational campaign*
- *Orphan family education sponsorship program*
- *Distribution of school's stationeries, school bags and school uniforms to poor students by assisting them sponsored in educational institution.*
- *Orphan Sponsorship program and cash assistance for education and school fee*

Afghanistan's education system has been devastated by more than four decades of sustained conflicts, wars, internal displacement and poverty. For most of the children completing the basic education remains a distant dream in the rural and remote areas. Further, WDOAP is working in child education and capacity assistance that aims to reach the disadvantaged and marginalized people through the provision of more equitable access to quality education, trainings, enhancing skills and provided the students stationeries, school bags and school uniforms and sponsored in educational institution.

WOMEN SOCIAIO ECOMOMIC EMPOWERMENT & CHILD PROTECTION

Team Expertise in the Ground level

- *Market demand assessment*
- *Women skill modules development*
- *Women business facilitation advocacy*
- *Provision of embroidery equipment's*
- *Women & Children rights advocacy*
- *Distribution of sewing and embroidery machines to learners*
- *Vocational skills training including tailoring, embroidery etc.*
- *Education scholarships of orphan children*
- *Women enterprise development*
- *Poultry farming at household level for poor women*
- *Orphan & widows' family financial assistance.*
- *Child friendly spaces facilitation*

Women economic, social and political empowerment may be a challenging in the current era of Afghanistan. There is a need of innovative strategies formulation and creative approaches which best fit to the Afghan traditions and culture. The fundamental approaches are used by WDOAP is to educate and capacitate women through effective trainings, workshops, vocational skills to help women to generate income and find a better market place for their handmade crafts.

LIVELIHOOD AND AGRICULTURE SUPPORT

Team Expertise in the Ground level

- *Conduction of market demand assessment*
- *Women skill modules development*
- *Distribution of seeds*
- *Provision of equipment's to farmers*
- *Needs assessments and surveys*
- *Consultation meetings with Agri-departments*
- *Capacity building of Farmers*
- *Poultry farming assistance and support*
- *Distribution of livestock to poor families at household level.*
- *Market linkage development and strengthening*

The combination of severe drought, conflicts, and economic crisis and widespread displacement has negatively impact on the lives of Afghans and hit rural communities hard, particularly farmers and herders, who are the backbone of the country's economy. Food production and agricultural livelihoods are under extreme pressure and needs to be improved with the continuous supports. Thus, this phase needs fundamental approaches to help and promote the welfare of poor small families / farmers, leading to more sustainable livelihoods, rural development to eradicate poverty and hunger. WDOAP in it goals want to execute sustainable development programs, therefore instinct different livelihood programs in its strategic plan to support SDG's. The organization has set out multiple livelihood programs and continue to assist vulnerable and poorest part community.
